

**NOTICE TO MEMBERS
On
LOCKDOWN LEVEL 2**

17th August 2020

No doubt we all welcome the Presidents address regarding the lowering of restrictions to Level 2.

Aero Club of South Africa has already engaged with SACAA, who advise that positive outcomes for all recreational aviation are anticipated, however, bearing in mind that all general Covid-19 protocols are still required to be observed.

We understand that an official NOTAM will be published by SACAA following publication of the Gazetted Regulations and the previously issued General Notice withdrawn in the next few days.

Looking forward to reopening of our skies and preserving free flight.

Our thanks to Aero Club for all their efforts in this regard.

BAFSA COMMITTEE 2020
